If you believe you should shop ethically for your food, essentials and luxuries then make sure you "shop" ethically for your next dog.

Please consider giving a rescue dog a loving and caring home

But if you buy a puppy, then make sure it is from an ethical breeder and not a puppy farm, dealer or pet shop. Please stop dogs suffering for profit.

NESSR is dedicated to the rescue, rehabilitation and rehoming of over 200 springer spaniels each year. Some of which have suffered from health issues arising from poor or over breeding, as well as cruelty and neglect.
